

Very Reasonable - A Good Value

Our rather large drive had become very discolored with mildew and dirt. David did an excellent job professionally using new equipment - the drive now looks like new. And the cost was very reasonable - a good value. We're having David back to clean our house and tile roof.

Prompt, Courteous, Honest, Professional in Every Way!

I highly recommend High Tide Cleaning for your home or business exterior cleaning as they are proud of their work and want to perform the best job possible. David was prompt, courteous, honest, professional in every way and offered a fair price. My two-story home, concrete driveway and fence look new again.

Great Job

Oh my gosh! Thank you again for the great job done on my house in PVB. I cannot tell you how much I love what you have done. Even my tenants have already sent me a thank you. The neighbor next door even joked that our clean driveway makes his look dirty! Trust me - I will spread the word about High Tide.

Our Driveway Looks New

David came to clean our home and he did an amazing job. This is the second time we've called on High Tide and have had nothing but excellent service. There is nothing better than dealing with a family owned company you can depend on. Our driveway looks new again and the house looks like it was freshly painted! Amazing results. Thanks again.

Dave C., St. Augustine
